## **1.2 Purpose of SEVIS**

SEVIS facilitates timely reporting and monitoring of international students, exchange visitors (EVs), and their dependents in the United States. SEVIS is an Internet-based application for electronically monitoring and reporting on these individuals. SEVIS enables schools and program sponsors to transmit electronic information to the Immigration and Customs Enforcement (ICE) bureau and the Department of State (DoS) throughout a student's or EV's program in the United States.

SEVIS enables the submission of designation applications. Once designated as an Exchange Visitor Program sponsor, users may update program sponsor information, submit updates to DoS that require approval, and create and update J-1 EV and J-2 dependent records (that is, accompanying spouse and dependent children records). The DoS Office of Exchange Coordination and Designation has the capability to review and approve updates made to program sponsor and EV records using SEVIS, and the ROs and AROs will be notified by email of the results.

This manual contains instructions for accessing SEVIS with a permanent user identification (ID) and password; creating and processing Forms DS-3036 and DS-3037, Exchange Visitor Application; viewing alerts on EVs; and viewing and printing a variety of reports.

## **1.3 Privacy Act Considerations**

Access to SEVIS is restricted to authorized users. SEVIS contains confidential information concerning international students, EVs, and their dependents. Unauthorized access to and disclosure of this information could affect the privacy to which individuals are entitled under Section 552a of Title 5, U.S. Code. This information is protected by the Privacy Act, as well as by Federal and agency regulations. Exhibit 1, Criminal Penalties, provides information on the penalties for unauthorized access and disclosure of this information.

## **Exhibit 1: Criminal Penalties**

### **Criminal Penalties**

- (1) Any officer or employee of an agency, who by virtue of employment or official position, has possession of, or access to, agency records which contain individually identifiable information, the disclosure of which is prohibited by U.S. Code Section 552a or by rules or regulations established thereunder, and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.
- (2) Any officer or employee of any agency who willfully maintains a system of records without meeting the requirement to publish a notice in the Federal Register regarding the existence and character of the system of records, shall be guilty of a misdemeanor and fined not more than \$5,000.
- (3) Any person who knowingly and willfully requests or obtains any record concerning an individual from an agency under false pretenses shall be guilty of a misdemeanor and fined not more than \$5,000.

## **1.4 Security Reminder**

SEVIS was developed to maintain multiple levels of security in both the real-time and batch systems to help protect against unauthorized access. One of the most important actions that you can take is to safeguard your user ID and password. Your SEVIS user ID and password are intended for your use only. Do not share your user ID and password with any other person and do not keep a written record of your user ID and/or password in a location that can be accessed by others. For program sponsor officials, the Exchange Visitor Program regulations (22 CFR 62.71(b) and 62.79(a)(3)) specifically address this issue.

If you suspect that your password has been compromised, you can reset it using the **Change Password** or **Request Password Reset** link on the *SEVIS Login* screen located at <https://egov.ice.gov/sevis/>. Alternatively, you can contact the SEVIS Help Desk at (800) 892-4829 to have your password reset.

If you believe that an unauthorized person has obtained access to international student or exchange visitor data in one of your internal systems (e.g., local batch system) or if you believe an unauthorized person has gained access to SEVIS, please notify the Department of Homeland Security (DHS) Help Desk immediately at (888) 347-7762. The DHS Help Desk is staffed 24 hours a day and can assist with security concerns only. All other SEVIS concerns or questions should still be directed to the SEVIS Help Desk at (800) 892-4829. When calling the DHS Help Desk to report a security concern, it will be helpful to have the name(s) and contact information for the RO and ARO(s) and program technical and security contacts, as appropriate.

The DHS Help Desk will contact the Student and Exchange Visitor Program (SEVP) office immediately. SEVP will work with you to take appropriate steps to protect and prevent loss of SEVIS information. Such actions to be taken may include issuing new SEVIS user IDs and passwords as well as loading new security certificates for the SEVIS batch upload process, if

applicable. Additionally, school and sponsor officials who believe that their internal systems may have been compromised should follow their local formal security procedures.

System security is a serious matter. SEVP is committed to addressing any system security concerns or issues that may arise.

If you need assistance, please contact the DHS Help Desk at (888) 347-7762.

## **2. DESCRIPTION OF SYSTEM FUNCTIONS**

The following sections provide step-by-step instructions for using SEVIS. Included are directions for modifying the Form DS-3036, DS-3037, and other program updates. Instructions for creating, issuing, and modifying Forms DS-2019 for EVs and dependents are discussed in Volume II of this manual.

When accessing SEVIS via the Internet (<https://egov.ice.gov/sevis/>), a *Security Alert* window displays. Click the **Yes** button to continue to the *SEVIS Login* screen (see Exhibit 5).

**Note:** After creating your initial password, use the *SEVIS Login* screen to access SEVIS and perform all of your SEVIS-related tasks.

To log into SEVIS, perform the following:

1. Access the *SEVIS Login* screen at <https://egov.ice.gov/sevis/>.
2. Enter your user ID in the **User Name** field.
3. Enter your password in the **Password** field.

**WARNING:** Be careful when entering a password.

- **Caps Lock**—Passwords are case sensitive. If the **Caps Lock** key on the keyboard is turned on and you intend to enter “abcdeF9#” the system reads the following password: ABCDEf9#. To SEVIS, these passwords are not the same.

- **Numeric Keypad**—If using the numeric keypad to enter numbers, be sure to turn on the **Num Lock** key. Otherwise, enter numbers using the keys above the top row of alphabetic characters on the keyboard.
4. Press the **Enter** key or click the **Login** button. The system displays the Paperwork Reduction Act notice.
  5. Read the information and click the **I Have Read and Understand This Notice** button to continue.

**REMINDER:** You must log into SEVIS a minimum of once every 90 days to keep your SEVIS password active.

### 2.2.4 Log Out of SEVIS

To exit SEVIS at any time, click the **Logout** link on the navigation bar. Exhibit 6, Navigation Bar—Logout Link, shows the location of the link.

**Note:** If the system should lockup at any time, click the **Close (X)** button on the browser window to exit SEVIS.

**WARNING:** If you click the **Close (X)** button on the browser window, you must wait 20 minutes before you can log back into SEVIS. If you try to access the system before the end of 20 minutes, the following message will display: “A user is already logged on with this user name.” Use the **Logout** link on the navigation bar to properly exit SEVIS.

## 2.3 Updating Program Information (Forms DS-3036 and DS-3037)

SEVIS enables ROs and AROs to use the Form DS-3037 to update program information and perform tasks such as requesting brochures; requesting an allotment of Forms DS-2019; and adding, updating, and deleting AROs. To perform these tasks, begin by selecting the appropriate program sponsor in the **Name of Program** column on the *Listing of Programs* screen. Exhibit 7, Listing of Programs Screen—Program Links, is an example of the screen.

## Exhibit 7: Listing of Programs Screen—Program Links

Whispering Pines Institute	FAIRFAX, VA	PROGRAM ACTIVE	ARO	Search New Exchange Visitor * Alerts EV Lists Reports

**Program Links**

Certain program information can be updated by the RO or an ARO without DoS approval. However, submitted changes for other updates must be reviewed and approved by DoS. The tasks requiring DoS approval also require you to print the Form DS-3036 or DS-3037 and submit the Form and supporting documentation, if any, to DoS. Once DoS reviews and approves or denies the change or request, the program sponsor record is updated, as necessary.

Exhibit 8, Program Sponsor Information Screen, is an example of the screen that provides links to submit requests to DoS and make changes to the program information. The screen contains summary information for the selected program, including program officials' information. The left side of the screen contains three menus: **Actions**, **Edits**, and **Lists/Reports**. The options, or links, on each menu provide you with the capability to complete a variety of tasks. The procedures for making requests and/or changes to program information are described in the following sections.

The **Actions** menu may contain the following options (listed in alphabetical order):

- Amendment
- Cancel Program
- Change Program Sponsor Name
- Pending Requests
- Redesignation
- Register for Batch Processing
- Request Allotment of DS-2019

#### 2.3.1.1 Amendment

The Amendment option enables a program sponsor to add more categories to its initial designation, as long as those categories comply with DoS business rules (see Attachment B, Participation by Category Matrix).

The amendment process is similar to the initial designation process. An RO or ARO must complete and submit an amendment to the program's original Form DS-3036 using SEVIS. The completed application must also be printed and mailed with supporting documentation to DoS. (No fee is required.) If the application is approved, the program's designation will be updated to include the additional categories.

#### 2.3.1.1.1 COMPLETE AMENDMENT PAGE 1

To complete Page 1 of the Amendment request, perform the following:

1. On the *Listing of Programs* screen, click the specific link in the **Name of Program** column for the program whose current program designation is being amended. The *Program Sponsor Information* screen displays.
2. Click the **Amendment** link on the **Actions** menu to display the first page of the electronic Form DS-3036, as depicted in Exhibit 9, Amendment Page 1, which includes current data for the selected program.

#### **2.3.1.1.2 COMPLETE AMENDMENT PAGE 2**

Exhibit 10, Amendment Page 2, is an example of the screen used to enter information regarding the category(ies) to be added. Refer to Attachment B, Participation by Category Matrix, for guidance on which categories may be added to the program.

**Note:** The Exchange Visitor Program regulations provide for specific categories for education and cultural exchanges. Each of the 13 categories has specific requirements, set forth in 22 CFR Part 62 Subpart B. Currently designated sponsors with approval to accept participants in these categories cannot amend their programs. Although SEVIS enables you to complete and submit an amendment request, these programs should not be amended. DoS will deny the amendment request. The categories that cannot be amended are as follows:

- Au Pair
- Camp Counselor
- Secondary Student
- Summer Work/Travel
- Teacher
- Trainee (Aviation/Flight Training)
- Trainee, Specialty and/or Trainee, Non-specialty—Programs may submit one Form DS-3036 or amendment request to participate in both of these categories, but may not combine them with any other categories (for example, the Trainee, Specialty category may not be combined with the Alien Physician category on the same Form or amendment request)

* 7. Participation by Category (Indicate total number and approximate duration of participation in each category)	<p>You may request authorization to sponsor EVs in 1 or more of 13 categories. For each additional category being applied for, enter the number of EVs expected in that category in the <b>Number</b> column.</p> <p><b>Note: Do not</b> include the previously approved categories for the program.</p> <p>In the next box, enter the duration of the EV participation (that is, the amount of time required to</p>

Section	Description/Explanation
	complete the program), then select the appropriate time period: days, weeks, months, or years. <b>Note:</b> The regulation (22 CFR 62.8) requires program sponsors other than the Federal Government to have no fewer than five EVs per calendar year for a minimum of 3 weeks.

Below is a list of the categories, including a brief description and/or explanation of each.

Category	Description/Explanation
<b>Student, Secondary (1A)</b> <b>Note:</b> This category is mutually exclusive; currently designated sponsors with approval to accept participants in this category cannot amend this program.	<b>Secondary School Students</b> (22 CFR 62.25). A separate application (Form DS-3036) must be completed for this subcategory, which affords students an opportunity to study in an accredited U.S. secondary school while living with an American host family. Participants in this category must meet the following three requirements: <ol style="list-style-type: none"> <li>1. Secondary students who have not completed more than 11 years of primary and secondary schooling, excluding kindergarten, in their home country</li> <li>2. At least 15 but not more than 18-1/2 years of age on the date the student will begin his or her program</li> <li>3. Without previous participation as an EV for high school studies in the United States</li> </ol> Factors such as English language proficiency, maturity, character, and scholastic aptitude are critical.  The <u>maximum duration of participation</u> for secondary school students (high school students) is a minimum of 1 academic semester and a maximum of 1 academic year.
<b>Student, College/University (1B)</b>	<b>College and University Students</b> (22 CFR 62.23). Participants in this category must be pursuing a full course of study at accredited post-secondary educational institutions in the United States. Academic training is permitted, if approved by the program sponsor, but study must be the primary purpose of the EV's program in the United States. Students are eligible for participation when they are not substantially supported by personal funds and when they meet the funding requirements outlined in 22 CFR 62.23(c)(4).  The <u>maximum duration of participation</u> for college and university students is unlimited, as long as they are

Category	Description/Explanation
	<p>enrolled full time in programs that lead to a degree. If enrolled in a non-degree program, the <u>duration of participation</u> shall not exceed 24 months, including academic training.</p>
<p><b>Trainee, Specialty (2A)</b>  <b>Trainee, Non-specialty (2B)</b>  <b>Note:</b> A separate application (Form DS-3036) must be completed for the Flight Training/Aviation category (which is a non-specialty trainee category). For example, if the applicant wishes to conduct training programs in both <b>Aviation</b>, and <b>The Sciences, Engineering, Architecture, Mathematics, and Industrial Occupations</b>, two applications (Forms DS-3036) must be submitted.</p>	<p>The primary objectives of the Trainee program (22 CFR 62.22) are to enhance an EV's skills in his or her specialty or non-specialty occupation through participation in a structured training program and to improve the participant's knowledge of American techniques, methodologies, or expertise within the individual's field of endeavor.</p> <p>Although training often occurs in a workplace setting, the training must be <i>bona fide</i>, and not merely employment. Generic training plans for each requested training occupation and duration of training being offered must be submitted with the application. Designated program sponsors are required to ensure that <i>individual</i> training plans are prepared for selected trainees and forwarded to them prior to entry into the United States. Sponsors must also ensure that continuous supervision and periodic evaluation are provided.</p> <p>Training is limited to the occupational category or categories for which the program sponsor has obtained the Department's designation.</p> <p>The <u>maximum duration of participation</u> is 24 months for flight-training programs. <b>Note:</b> Fixed wing (airplane) flight-training programs should specify 24 months <b>only</b> if they have the Air Transport Pilot (ATP) rating on their Federal Aviation Administration (FAA) certificate. All other flight-training programs (that is, rotorcraft/helicopter) should specify no more than 18 months.</p> <p>The <u>maximum duration of participation</u> for a trainee is 18 months unless DoS limits a sponsor's designation to a lesser amount of time, for example a 12-month training program. An extension of a program beyond the designated length would be considered an extension beyond the maximum duration of participation and require DoS approval.</p>

Category	Description/Explanation
	<p><b>Note:</b> Section 8 (Training Program) on the electronic Form DS-3036 must be completed if the Trainee category is selected.</p>
<p><b>Teacher (3)</b>  <b>Note:</b> The Teacher category is mutually exclusive; currently designated sponsors with approval to accept participants in this category cannot amend this program.</p>	<p>This category (22 CFR 62.24) is for individuals teaching full-time in an accredited primary or secondary educational institution. <p><b>Professor (4)</b></p>	<p>This category (22 CFR 62.20) is for individuals who are involved primarily in teaching, lecturing, observing, or consulting at accredited post-secondary educational institutions, museums, libraries, or similar institutions. 2. Below is an explanation of Section 8, Training Program, on Page 2 of the electronic Form DS-3036. This section must be completed if the **Trainee** category has been selected in Section 7, Participation of Category. To complete Section 8, perform the following:

Section	Description/Explanation
* <b>8. Training Program (if the category selected is Trainee)</b>	<p>Trainee may be selected on an amendment application only if the program is currently designated for that category and the program sponsor wishes to add occupational categories. When Trainee is selected under Participation by Category (Section 7 of the electronic Form), one or more occupational categories (identified as Training Programs on the screen) must be specified. Do that by selecting <b>Specialty</b>, <b>Non-specialty</b>, or <b>Both</b> next to the name of the occupational category or categories applied for.</p> <p><b>Note:</b> If the occupational category <b>Other</b> is selected for a Trainee program, an explanation must be entered in the text box provided.</p> <p>A <b>specialty occupation</b> is one that requires both theoretical knowledge and practical experience in a highly specialized field (for example, public and business administration, architecture, accounting, the sciences, or journalism). To participate in specialty training, an EV must have at least a relevant academic degree or recognized professional certificate.</p> <p>A <b>non-specialty occupation</b> is one for which an EV must possess at least 2 years of education or experience in the field in which he or she will be trained. <b>Note:</b> An aviation-training program, which can only be non-specialty, requires a separate application (Form DS-3036).</p> <p>The following guidelines also apply to this section:</p> <ul style="list-style-type: none"> <li>• If <b>Aviation</b> is selected, enter the FAA certification</li> </ul>

Section	Description/Explanation
	<p>number and the certification expiration date.</p> <ul style="list-style-type: none"> <li>Specify that the program is accredited, or that an accreditation application has been submitted by selecting one of the radio buttons (<b>Accredited with one of the ‘Nationally Accrediting Agencies and Associations’ or a member of the Council on Post Secondary Accreditation, or Applied for Accreditation</b>).</li> <li>If one of these radio buttons is selected by mistake, click the <b>Clear Selection</b> radio button.</li> </ul> <p>A training plan must be submitted for each kind of occupational category specified. Furthermore, a separate training plan must be submitted when, for a given kind of training, both specialty and non-specialty training are specified. For example, selecting <b>Arts and Culture</b> with the type <b>Specialty</b>, and <b>Health Related Occupations</b> with the type <b>Both</b>, would require submission of three training plans.</p> <p>Each plan should be “generic,” that is, applicable to all trainees in the specified field, and not tailored to particular individuals (individual plans are written only after designation). Each plan should subdivide the training <b>program</b> into phases, specifying the duration and objectives of each phase, and showing how each phase builds on the previous one. Each plan must also include:</p> <ol style="list-style-type: none"> <li>1. A statement of the training objectives</li> <li>2. A list of skills to be imparted to the trainee</li> <li>3. A copy of the training syllabus</li> <li>4. A justification for any proposed on-the-job training</li> <li>5. A description of how the trainee will be supervised and evaluated</li> </ol>

<b>Save Draft</b>	Click this button to save the data entered on this page.
<b>Previous</b>	Click this button to return to the previous page of the amendment request. <b>WARNING:</b> Be sure to save the data entered on this page before selecting the <b>Previous</b> button. The data entered on this page will be lost if they are not saved first.
<b>Reset Values</b>	Click this button to return all unsaved entries on the page to the previous values.
<b>Submit</b>	Click this button to submit the amendment request to DoS for review. Once submitted, you will not be able to make changes to the request; the RO and

	AROs can only view and print the Form DS-3036. See Section 2.3.1.1.4, Submit the Amendment Request, for additional information.
<b>Print Draft</b>	Click this button to print a draft copy of the amendment request. It is recommended that you print the draft Form DS-3036 prior to submission of the Form in SEVIS. Printing the draft Form allows you to review a paper copy of the data for accuracy. Necessary corrections may be made prior to submission of the Form. See Section 2.4, Print a Form DS-3036, Form DS-3037, or Draft Form, for printing instructions.

#### **2.3.1.1.4 SUBMIT THE AMENDMENT REQUEST**

The amendment process is similar to the initial Designation process. The RO or ARO must complete and submit an amendment to the program's original designation using SEVIS. There is no fee for submitting an amendment request, and only one amendment request can be submitted at a time.

The completed application must also be printed, signed, notarized, and mailed with supporting documentation to DoS. See Section 1.1, Resources, or Attachment A, Resources for the appropriate address.

**Note:** The submitter of the request will receive email notification when DoS notes in SEVIS receipt of the completed, signed, and notarized application, and the supporting documentation.

DoS will use SEVIS to view and process the amendment request; the following outcomes are possible:

- **Approved**—The submitter of the request will receive approval notification by email. The additional categories will be added to the program.
- **Request for Information**—Additional information is required for processing the request. The submitter of the request will receive an email stating that information is requested. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS marks in SEVIS that the information has been received, an email is automatically sent to the submitter of the request stating that the material has been received and the review process will continue.
- **Denied**—The submitter of the request will receive notification by a mailed letter that will provide specific information regarding the basis for denial. There are no means to appeal this decision.

**Note:** An application that is denied cannot be appealed.

### **2.3.1.2 Cancel Program**

An Exchange Visitor Program with a SEVIS status of Active may cancel its participation as a designated program. Sponsors who wish to discontinue participation in the Exchange Visitor Program must inform DoS of this decision. The status of the program will change as follows:

<b>Status</b>	<b>Description</b>
Active	A sponsor continues to actively administer its Exchange Visitor Program.
Withdrawn	<p>The organization has requested to withdraw as the sponsor of an Exchange Visitor Program. This is accomplished using the Cancel Program function in SEVIS (see the instructions below).</p> <p><b>Note:</b> Once a program is canceled, additional program participants cannot be added, and extension and change of category requests cannot be submitted.</p>
Canceled	<p>SEVIS automatically assigns this status to the program when DoS:</p> <ol style="list-style-type: none"><li>1. Determines that there are no active SEVIS records for EVs</li><li>2. Marks in SEVIS that the program is canceled</li></ol> <p><b>Note:</b> When DoS cancels the program, the remaining SEVIS officials (RO and AROs) will receive an email informing them that their access to SEVIS for the canceled program has been deactivated.</p>

To cancel a program, perform the following:

1. On the *Program Sponsor Information* screen, click the **Cancel Program** link. The system displays the *Cancel Program* screen.
2. Click the **Cancel Program** button.  
**WARNING:** The program will be canceled immediately when the **Cancel Program** button is clicked.

**Note:** Proper steps must be taken to transfer the existing participants out of the program. You may also allow the EVs to complete their programs, at which time their records will become Inactive. When there are no Active EVs in the program, the remaining users (RO and AROs) will receive an email informing them that their access to SEVIS for the canceled program has been deactivated.

### **2.3.1.3 Change Program Sponsor Name**

A program sponsor requesting a name change must submit a signed and notarized Form DS-3037 and new Articles of Incorporation to DoS. However, change of ownership requires the completion and submission of a new Designation Application (Form DS-3036).

To submit a request to change the name of the sponsor organization, perform the following:

1. On the *Listing of Programs* screen, click the specific link in the **Name of Program** column for the program requesting a name change. The *Program Sponsor Information* screen displays.
2. Click the **Change Program Sponsor Name** link on the **Actions** menu.
3. Enter the required information and click the **Change Name** button. A message displays stating that the request has been successfully submitted to SEVIS.
4. On the message screen, click the **Print DS-3037** button to print a copy of the Form. (See Section 2.4, Print a Form DS-3036, Form DS-3037, or Draft Form, for printing instructions.)
5. The signed and notarized Form and new Articles of Incorporation must be mailed to DoS before the review process will begin. See Section 1.1, or Attachment A, for the appropriate address.

Following receipt of the Form and the Articles of Incorporation, DoS will process the request. The following outcomes are possible:

- **Application Approved**—The submitter of the request will receive approval notification by email.
- **Additional Information Required**—The submitter of the request will receive an email stating that additional information must be provided so that DoS can continue processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information and updates the request in SEVIS, the system will send an email to the submitter of the request stating that the material has been received and the review process will continue.
- **Application Denied**—The submitter of the request will receive notification by a mailed letter that will provide specific information regarding the basis for denial.

#### **2.3.1.4 Pending Requests**

SEVIS provides you with the capability to view, print, and delete requests that are pending. Such requests include a request for Forms DS-2019 and adding program sponsor officials.

To view the requests that are pending, perform the following:

1. On the *Listing of Programs* screen, click the specific link in the **Name of Program** column for the program whose pending requests you wish to view, print, or delete. The *Program Sponsor Information* screen displays.
2. Click the **Pending Request** link on the **Actions** menu. Exhibit 12, Pending Requests Screen, is an example of the screen that displays.

### 2.3.1.5 Redesignation

Programs are approved to operate for a specific period of time. Six months before a program's approval to operate expires, SEVIS will provide an alert indicating that the expiration date is nearing. Another alert will display 3 months prior to the date of expiration.

**Note:** When there is an alert for a program, the **\*Alerts** link will display on the *Listing of Programs* screen. SEVIS does not send email notification for alerts. You must use SEVIS to view and process alerts, if necessary. (See Section 2.5, Alerts, for additional information about SEVIS alerts.) Exhibit 13, Listing of Programs Screen—Alerts Link, shows the location of the **\*Alerts** link on the screen.

Following the submission of the redesignation request in SEVIS, a signed and notarized copy of the request (Form DS-3036) must be mailed to DoS. See Section 1.1, or Attachment A, for the appropriate address.

DoS will use SEVIS to view and process the redesignation request; the following outcomes are possible:

- **Approved**—The RO and the submitter of the request, if different, will receive approval notification by email. The email will contain the length of time (1 or 2 years) for which the program has been approved.

DoS will send a letter of redesignation by fax or the U.S. Postal Service. The redesignation term will take effect on the date that appears on the redesignation letter.

- **Request for Information**—Additional information is required for processing the request. The submitter of the request will receive an email stating that additional information is requested. - **Denied**—The RO and the submitter of the request, if different, will receive notification by a mailed letter that will provide specific information regarding the basis for denial. There are no means to appeal this decision.

**Note:** A redesignation request that is denied cannot be appealed.

#### **2.3.1.6 Register for Batch Processing**

Program sponsors and schools may use the batch data exchange to interface with SEVIS. Authorized organizations can utilize systems external to SEVIS to create and update student, EV, and dependent (visa types F, M and J) records and upload the records to SEVIS. Organizations may develop systems in-house or purchase third-party products to communicate with SEVIS and upload and download information (system-to-system).

The batch data exchange (batch interface) process is the method for automated exchange of data between SEVIS and programs, using the Internet. This exchange requires the registration of a digital certificate in SEVIS for those organizations that want to use batch.

The RO or an ARO for a program wishing to use batch must register the digital certificate. Organizations that sponsor multiple programs must register the digital certificate for each program.

**Note:** Prior to registering the digital certificate for use with SEVIS, download the certificate files with the “.cer” and “.pem” extensions to a secure location on a local area network. The procedures to download the certificate files will vary depending on the type of browser being used.

To register a digital certificate, perform the following:

1. On the *Listing of Programs* screen, click the specific link in the **Name of Program** column for the program that is being registered. The *Program Sponsor Information* screen displays.
2. Click the **Register for Batch Processing** link on the **Actions** menu. The system displays the *Acceptance of Batch Interface Security Requirements* screen.
3. After reading the requirements, click the **Accept** button to proceed with the registration process. The system displays the *Batch Process Registration* screen. (If the **Reject** button is clicked, the system will display the *Program Sponsor Information* screen.)
4. To select the path name of the program’s digital certificate, click the **Browse** button and locate the files with the “.pem” extension.
5. Highlight the appropriate file name and click the **Open** button. The *Upload Certificate* screen displays with the path name shown in the text box.
6. Click the **Upload Certificate** button. If the certificate and the RO or ARO’s credentials are confirmed by SEVIS, a *Confirmation* screen displays. However, if the system cannot validate the certificate and credentials, an error message will display. Remember, only digital certificates issued by VeriSign are valid for use with SEVIS.

**Note:** The SEVP web site and the Online Help contain additional information regarding the SEVIS Batch Interface process. The Universal Resource Locator (URL) for the batch information is <http://www.ice.gov/sevis/schools/batch.htm>.

**REMINDER:** You must log into SEVIS a minimum of once every 90 days to keep your SEVIS password active. Using only batch will not keep your SEVIS password active.

### **2.3.1.7 Request Allotment of Forms DS-2019**

DoS allots a specific number of Forms DS-2019 to each Exchange Visitor Program. For an EV beginning a new program, when his or her Form is submitted, SEVIS automatically reduces the currently allotted total by one. SEVIS also increments the allotment of Forms by one when you change the status of an EV (record is in Initial status) to Invalid with the reason of Form Canceled or the system changes the status of the EV to Invalid.

Each program may apply for an additional allotment as needed. SEVIS provides program sponsors a notice alerting them that 80% or more of their electronic Form DS-2019 allotment has

been used; the alert shows the number of Forms remaining. However, a request for an allotment of Forms DS-2019 may be submitted to DoS at any time. DoS has the discretion to determine the number of Forms to provide to the program sponsor.

**Note:** When there is an alert for a program, the **\*Alerts** link will display on the *Listing of Programs* screen. SEVIS does not send email notification for alerts. You must use SEVIS to view and process alerts, if necessary. (See Section 2.5, Alerts, for additional information about SEVIS alerts.) Exhibit 16, Allotment Alert, is an example of the alert generated by SEVIS when a sponsor has used 80% or more of their allotment of Forms.

### Exhibit 16: Allotment Alert

The screenshot shows the SEVIS interface for the Research Center (Program Number: G-7-00932). The page title is "Alerts for Research Center". A message states: "The following alerts deserve your attention:". Below this, a list of alerts is displayed: "9 DS-2019 Allotment(s) Remaining", "You have 1 Exchange Visitor(s) Nearing the Program End Date in 60 Days or Less", "You have 1 Research Scholar(s) within 90 Days of Expiration of 5 Year Maximum", and "You have 1 Professor(s) within 180 Days of Expiration of 5 Year Maximum". A callout box labeled "Allotment Alert" points to the first alert. The date "08/29/2006 (Tuesday)" is shown at the bottom.

**Note:** You may no longer request additional Forms on the annual report. You must use SEVIS to request an additional allotment of Forms. If necessary, DoS will contact the RO to discuss the request.

**Note:** When using the Request Allotment feature to request an increase in the number of program participants, written justification must also be submitted to DoS. See Section 2.3.2, Procedure for Requesting an Increase in the Number of Program Participants, for instructions on requesting approval to increase the number of program participants.

To request additional Forms DS-2019, perform the following:

1. On the *Listing of Programs* screen, click the specific link in the **Name of Program** column for the program requesting an allotment of Forms. The *Program Sponsor Information* screen displays.
2. Click the **Request Allotment of DS-2019** link on the **Actions** menu. The *Request Allotment* screen displays.

3. Enter the number of Forms requested.

4. Click the **Request Allotment** button.

**Note:** If unable to submit this request, view the *Pending Requests* list for this program to determine whether another official has already submitted the request. Only one request can be processed at a time.

This action must be reviewed and approved by DoS; the following outcomes are possible:

- **Approved**—An email is sent to inform the submitter of the request that the request has been approved. The number of Forms that will be sent is included in the email.
- **Request for Additional Information**—Additional information is required for processing the request. The submitter of the request will receive an email that identifies the information that is requested. When DoS receives the information, the review process will continue.
- **Denied**—An email is sent to inform the submitter of the request that the request has been denied. DoS will send a formal letter by fax or Postal Service explaining the reason the request was denied.

#### **2.3.1.8 Request Brochures**

All Exchange Visitor Program sponsors may request copies of the “Exchange Visitor Welcome” and “Au Pair” brochures. To request copies of one or both of these brochures, perform the following:

1. On the *Program Sponsor Information* screen, click the **Request Brochures** link.
2. Enter the number of brochures requested and click the **Request Brochures** button. When DoS processes this request, SEVIS automatically sends an email to the submitter of the request to confirm receipt of the sponsor’s request and to inform him or her that the brochures are being mailed.

#### **2.3.2 Procedure for Requesting an Increase in the Number of Program Participants**

This section explains the procedures for requesting an increase in the allotment of Forms DS-2019 for the purpose of expanding the number of participants in a program.

DoS is vested with the discretion to determine the number of participants in a given sponsor’s program. In determining this number, the Department considers current program size, projected expansion of program size, and the current administration of the specific program. The Department is particularly concerned with requests for a significant expansion in a relatively short period of time. Requesting an increase in the number of program participants is a two-step process, including:

- An electronic submission through SEVIS
- Written justification

**WARNING:** DoS must receive the written justification within 30 calendar days of submission of the request in SEVIS. Otherwise, the request will be denied. See Section 2.3.1.7, Request Allotment of Forms DS-2019, for the procedures for the electronic submission of a request for an allotment of Forms.

When making a request for an increase in the number of Forms, information that demonstrates the ability to select, place, and supervise additional EVs must be submitted to DoS. The request must be:

1. Prepared on the program sponsor's letterhead, and
2. Mailed or faxed to the Office of Exchange Coordination and Designation for processing

The written justification must address the following:

1. The reason for the request for program expansion
2. Staff increases relevant to this anticipated program increase including before and after staffing patterns/personnel structures
3. Confirmation/assurance that the new employees/representatives have been adequately trained in order to assume their respective duties and responsibilities associated with this program expansion
4. Current financial information (including year-end financial statements/reports and a proposed business plan)
5. Any other information on how this program growth will be absorbed

Mail the materials to DoS. See Section 1.1, or Attachment A, for the appropriate address.

Additional contact information can be found on the Internet (Office of Exchange Coordination and Designation, <http://exchanges.state.gov/education/jexchanges/contact.htm>).

### **2.3.3 Edits Menu**

The two options available on the **Edits** menu are Add/Update Officials and Update Address (of program). Both options are discussed in detail in the following sections.

#### **2.3.3.1 Add/Update Officials**

You may update an existing official's information in SEVIS, and add new or existing officials. Also, the RO and ARO may submit a request to replace the RO. The *Official Information* screen is used to add/update officials. Exhibit 17, Official Information Screen, is an example of the screen.

**Note:** Each program sponsor must have 1 RO and up to 10 AROs; however, DoS reserves the right to limit the number of AROs.

5. Click the **Add Official** button at the bottom of the screen. A message displays stating that the request has been successfully submitted to SEVIS.
6. On the message screen, click the **Print DS-3037** button. See Section 2.4, Print a Form DS-3036, Form DS-3037, or Draft Form, for printing instructions. The printed Form includes a section to be filled out and signed by the new ARO, certifying his or her citizenship status. This Form DS-3037 must be notarized before it is submitted to DoS. If the Certification of Citizenship Form is notarized using an ink stamp, it may be faxed to DoS, and the original must be submitted by mail. (See the DoS web site for contact information: <http://exchanges.state.gov/education/jexchanges/contact.htm>.) If the Form is notarized with an embossed stamp, it must be mailed to DoS.

**Note:** If the Form is not printed immediately after submitting the request in SEVIS, it may be printed by accessing the *Program Sponsor Information* screen. Click the **Pending Requests** link on the **Actions** menu, and then click the **Print** link for the appropriate request.

7. Mail the completed Form to DoS. See Section 1.1, or Attachment A, for the appropriate address.

DoS will use SEVIS to review and process this request; the following outcomes are possible:

- **Approved**—The submitter of the request will automatically receive approval notification by email. The new ARO will receive two email messages from SEVIS, one containing his or her SEVIS user ID and the second providing instructions for creating a SEVIS password.
- **Request for Information**—Additional information is required for processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information, the review process will continue.
- **Denied**—The submitter of the request will automatically receive email notification about the denial decision. He or she will also receive a fax or mailed letter providing specific information regarding the denial decision.

#### **2.3.3.1.2 ADD AN EXISTING OFFICIAL AS AN ARO**

There are program sponsor and school personnel (that is, Principal Designated School Official/Designated School Official) who already have access to SEVIS because of their affiliation with another program or school. They are considered existing officials.

To add an existing user and assign him or her to a role as an ARO, perform the following:

1. On the *Listing of Programs* screen, click the specific link in the **Name of Program** column for the program to which the ARO is being added. The *Program Sponsor Information* screen displays.
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* screen displays.
3. Click the **Add Existing Official** link below the **Official Name** column. The system displays the *Add Existing Official* screen.
4. Enter the active user's SEVIS user ID in the **Account Userid** field.
5. Click the **Add Official** button. The system displays the *Update Official* screen. Exhibit 19, Add Existing Official—Update Official Screen, is an example of the screen.

6. Review the user's data and, if necessary, select the ARO role for the official.  
**Note:** Do not update the official's name, telephone number, fax number, or email address; this data may be updated after adding this official. Updating these data at this time causes a problem in SEVIS. This known problem will be corrected in a later release of SEVIS.
7. Click the **Update Official** button. The system displays a message stating that the request has been successfully submitted to SEVIS. If the existing official is an RO or ARO, the application is automatically approved. If the existing official is a Principal Designated School Official (PDSO) or Designated School Official (DSO), the signed and notarized Form DS-3037 must be mailed to DoS for review and approval.  
**Note:** If the Certification of Citizenship (Form DS-3037) is notarized using an ink stamp, it may be faxed to DoS, and the original must be submitted by mail. If the Form is notarized with an embossed stamp, it must be mailed to DoS.
8. On the message screen, click the **Print DS-3037** button to print the Form for a PDSO or DSO. (See Section 2.4, Print a Form DS-3036, Form DS-3037, or Draft Form, for printing instructions.)  
**Note:** If the Form is not printed immediately after submitting the request, it may be printed by accessing the *Program Sponsor Information* screen. Click the **Pending Requests** link on the **Actions** menu, and then click the **Print** link for the appropriate request.
9. The original signed and notarized Form DS-3037 for a PDSO or DSO must be mailed to DoS. See Section 1.1, or Attachment A, for the appropriate address.

**Note:** If the existing official is an RO or ARO, his or her access to the new program data takes effect immediately.

DoS will use SEVIS to review and process this request; the following outcomes are possible for current PDSOs and DSOs:

- **Approved**—The submitter of the request and the new ARO will automatically receive approval notification by email. The next time the ARO logs into SEVIS, he or she will have access to the data for the additional program.
- **Request for Information**—Additional information is required for processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information, the review process will continue.
- **Denied**—The submitter of the request will automatically receive email notification about the denial decision. He or she will also receive a fax or mailed letter providing specific information regarding the denial decision.

#### **2.3.3.1.3 UPDATE AN EXISTING OFFICIAL'S INFORMATION**

Updating an active official's data in SEVIS includes changing his or her name, telephone or fax number, and/or email address. Changes to the official's telephone number, fax number, and email address take effect immediately. However, changing the official's name (for example, the official got married) requires review and approval by DoS.

To update an official's record, perform the following:

1. On the *Listing of Programs* screen, click the specific link in the **Name of Program** column for the program whose official's record is being updated. The *Program Sponsor Information* screen displays (Exhibit 8).
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* screen displays (Exhibit 17).

**Note:** ROs and AROs who perform duties for more than one Exchange Visitor Program or school may have only one telephone number, fax number, and email address in SEVIS. If these fields are updated, the new data will display for all programs and schools with which the official is associated.

3. On the *Official Information* screen, click the **Update** link to the right of the name of the official whose information you wish to update. These data fields may be changed: last name, first name, middle name, suffix, telephone and fax numbers, and email address.

**Note:** Only an RO may update the RO's information.

4. Make the necessary changes to the official's data.

**WARNING:** If the official's name **and** other data must be updated, make all changes *except* the name change and click the **Update Official** button. Those changes will take effect immediately. Name changes must be reviewed and approved by DoS (for example, the user changed his or her last name).

5. Click the **Update Official** button. A message displays stating that the request has been submitted. If only the telephone number, fax number, and/or email address were updated, those changes will take effect immediately.
6. When submitting a request for a name change, click the **Print Form DS-3037** button on the message screen to print the Form. See Section 2.4, Print a Form DS-3036, Form DS-3037, or Draft Form, for printing instructions.
7. The RO must sign Page 2 of the Form (Certification of Citizenship), and the proposed official must have the Form DS-3037 notarized before sending it to DoS. (If the Certification of Citizenship Form is notarized using an ink stamp, then it may be faxed to DoS, and the original must be submitted by mail. If the Form is notarized with an embossed stamp, it must be mailed to DoS.)

**Note:** If changing only the official's middle initial and/or suffix, those changes do not display on the printed Form.

8. Mail the original signed and notarized Form to DoS. See Section 1.1, or Attachment A, for the appropriate address.

DoS will use SEVIS to review and process this request; the following outcomes are possible:

- **Approved**—The submitter of the request and the ARO whose name has been changed will automatically receive approval notification by email.
- **Request for Information**—Additional information is required for processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information, the review process will continue.
- **Denied**—The submitter of the request will automatically receive email notification about the denial decision. He or she will also receive a fax or mailed letter providing specific information regarding the denial decision.

#### **2.3.3.1.4 DELETE AN EXISTING ARO**

Deleting an official will remove the individual's record from association with a specific Exchange Visitor Program altogether and the official will no longer be able to perform SEVIS tasks for that program sponsor. To delete an official, perform the following:

1. On the *Listing of Programs* screen, click the specific link in the **Name of Program** column for the sponsor whose ARO you wish to delete. The *Program Sponsor Information* screen displays.
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* screen displays.
3. Click the **Delete** link to the right of the email address of the official whose access to SEVIS you wish to delete. The *Delete Official* screen displays.
4. Review the data that display on the screen. Be sure that this is the official whose access to SEVIS is to be terminated.

5. Enter a reason for deleting this official in the text box provided. Completion of this field is optional.
6. Click the **Delete Official** button. The deletion will take effect immediately.  
**Note:** If this is the only ARO for the program, the system displays a warning. Every Exchange Visitor Program must have 1 RO and up to 10 AROs. Continue to delete the ARO, or click the **Cancel** button to return to the *Official Information* screen without taking any action on the official.

#### **2.3.3.1.5 REPLACE THE RO WITH AN EXISTING SEVIS USER**

The RO or an ARO for the program may submit a request to replace the RO. When the request is submitted by an ARO or an RO submits a request to be replaced by a PDSO or DSO, the request must be reviewed and approved by DoS. However, if the RO submits a request to be replaced by an existing RO or ARO, the replacement takes effect immediately.

To request to replace the RO with an existing SEVIS user, perform the following:

1. On the *Listing of Programs* screen, click the specific link in the **Name of Program** column for the program whose RO you wish to replace. The *Program Sponsor Information* screen displays.
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* screen displays.
3. Click the **Replace** link to the right of the current RO's email address. The *Replace RO* screen displays, as shown in Exhibit 20, Replace RO Screen.

#### **2.3.3.1.6 REPLACE THE RO WITH A NEW SEVIS USER**

An existing RO or ARO may submit a request to replace the RO with a new SEVIS user, someone who is not authorized to use SEVIS. The request must be reviewed and approved by DoS.

To request the replacement of an RO with a new SEVIS user, perform the following:

When on the *Program Information* screen, the options available on the **Lists/Reports** menu provide another method of accessing certain SEVIS functionality. Each option is described below.

- **Search Exchange Visitor**—Click this link to quickly access the **Search** module. Step-by-step details for performing a search are contained in Volume II of this manual.

- **Create Exchange Visitor**—Click this link to quickly access the first page of the Form DS-2019 and begin to create a record for a new EV. Instructions for creating a new EV record are contained in Volume II of this manual.

## 2.4 Print a Form DS-3036, Form DS-3037, or Draft Form

The **Print DS-3036**, **Print Draft**, and **Print DS-3037** buttons are located on various SEVIS screens. Selecting one of these buttons will open Adobe Acrobat, from which a copy of the selected Form may be sent to a designated printer.

**Note:** If you do not already have Adobe Acrobat Version 5.0 or higher installed on your computer, see Appendix B, Download the Latest Version of Adobe Acrobat Reader, for instructions.

To print a copy of a Form, perform the following:

1. Click the **Print DS-3036**, **Print Draft**, or **Print DS-3037** button. Another browser window opens and the Form displays using Adobe Acrobat, from which a copy of the Form may be sent to a designated printer.

**Note:** During the launch of Adobe Acrobat, a *File Download* window may display. To prevent this window from displaying in the future, click in the box next to “**always ask before opening this type of file**” to remove the check mark. Select the **Open** button to view the application.

2. When the Form displays in the *Adobe Acrobat* window, use the scroll bar on the right side of the window to view additional pages.
3. Click the **Print** () button on the Adobe Acrobat toolbar. The *Print* window displays.
4. Ensure the name of the printer you wish to use is listed in the **Name** field of the *Print* window. If it does not show the correct printer, click the **down arrow** to the right of the field and select the correct printer.
5. Click **OK** and the Form prints to the designated printer.
6. Click the **Close** () button on the *Adobe Acrobat* window to close the window.

## 2.5 Alerts

Alerts are notices to users identifying tasks that need to be completed in SEVIS. In most cases, these alerts are indicators that, according to the information currently in the system, a deadline is approaching for some type of process. For example, 6 months before a program’s designation

expires, SEVIS provides an alert indicating that the redesignation date is nearing. Another alert will display 3 months prior to the redesignation date.

**Note:** When an alert exists, the **\*Alerts** link will display on the *Listing of Programs* screen. SEVIS does not send email notification for alerts. You must access SEVIS to view and process alerts, if necessary.

Exhibit 21, Listing of Programs Screen—Alerts Link, shows the location of the **\*Alerts** link on the screen. If there are no alerts for a program, the **\*Alerts** link will not display on the *Listing of Programs* screen.

### Exhibit 21: Listing of Programs Screen—Alerts Link

The screenshot shows the SEVIS interface. At the top, there is a header with the U.S. Immigration and Customs Enforcement logo, the text "ICE", and "Student & Exchange Visitor Information System". The "SEVIS" logo is on the right. Below the header is a navigation bar with links: "Main | Help | Tutorial | Logout". On the right side of the navigation bar, it says "ARO" and "Get Adobe Reader".

The main content area is titled "Listing of Programs". Below the title, a note states: "\* Indicates an alert for that program". There is a table with the following columns: "Name of Program", "Location (City/State)", "Status", "Role", and "Commands".

Name of Program	Location (City/State)	Status	Role	Commands
American Au Pair Agency	Anytown, VA	PROGRAM ACTIVE	ARO	Search New Exchange Visitor EV Lists Reports
National Nonspecialty School	WASHINGTON, DC	PROGRAM ACTIVE	ARO	Search New Exchange Visitor * Alerts EV Lists Reports
Whispering Pines Institute	FAIRFAX, VA	PROGRAM ACTIVE	ARO	Search New Exchange Visitor * Alerts EV Lists Reports

A callout box labeled "**\*Alerts** Link" has an arrow pointing to the "**\* Alerts**" link in the "Commands" column of the "Whispering Pines Institute" row.

Exhibit 22, Alerts for Whispering Pines Institute, is an example of an alerts screen. In Exhibit 22, the first alert is a reminder that the program has 3 months before its designation expires. The remaining alerts are for EVs. Click the **\*Alerts** link to view the list of EVs. See Volume II for details on processing the EV alerts.

## **ATTACHMENT B—PARTICIPATION BY CATEGORY MATRIX**

## Participation By Category Matrix

Some categories require the completion of a separate application (Form DS-3036). Other categories can be applied for on the same application (Form DS-3036).
